

PA – WV Drinking Water Issues: Virtual Meeting Series

Objective:

The objective of this series is to bring water operators, researchers, and regulatory agencies together to discuss drinking water issues affecting West Virginia and Pennsylvania, with special focus on disinfection byproducts and emerging concerns such as PFAS.

Presentations will be given by researchers at West Virginia University as well as the U.S. Geological Survey. The sessions will also include open forum discussions to allow participants to voice concerns, share knowledge, and ask technical and regulation-based questions.

Schedule:

Session 1	Drinking Water Treatment Methods to Reduce THMs	10/19/2021	9:00 – 10:00 am
Session 2	Disinfection Byproducts Open Forum	11/02/2021	9:00 – 10:00 am
Session 3	Emerging Concerns Open Forum	11/16/2021	9:00 – 10:00 am

Location:

Virtual via Zoom; <https://wvu.zoom.us/j/93460717570>
