

FY2024 West Virginia Water Research Institute 104(g)  
**Deadline to submit to WVVRI: 5pm on May 13, 2024**  
WVVRI to USGS Deadline: May 30, 2024

**OVERVIEW:**

The West Virginia Water Research Institute (WVVRI) at West Virginia University extends an invitation to West Virginia college and university researchers to apply for funding through the USGS 104g program.

Funding Opportunities for USGS 104g FY24:

- [General 104\(g\)](#)
- [Aquatic Invasive Species \(AIS\)](#)
- [PFAS](#)

**ELIGIBILITY:**

These grants are exclusively available to Water Resources Research Institutes (WRRIs) established under the provisions of Section 104 of the Water Resources Research Act. However, any investigator at a United States institution of higher learning is eligible to apply for these grants through a WRRRI.

For colleges and universities in West Virginia, submissions must be channeled through WVVRI. The comprehensive application, including a full proposal, SF-424, SF-424B, and budget forms, should be submitted directly to the WVVRI, not later than **5pm on May 13, 2024**.

**INQUIRIES:**

If you have any inquiries concerning this grant opportunity, feel free to contact Melissa O'Neal ([melissa.oneal@mail.wvu.edu](mailto:melissa.oneal@mail.wvu.edu)).
